How to get started with Printt

What is Printt and how does it work?

Printt is an on-demand printing app for all your documents. We want to make printing simpler, smarter and greener.

First Steps 🖐️

In order to start using Printt, you will need to create an account (Business account or Personal account) using our mobile applications or visit www.printt.com.

Uploading documents 📄

When your account is all set, you will have to upload your documents to Printt. Here is a full guide on how to upload documents, if you require further assistance.

Choose your Printt Service 😞

You can choose from a range of services, how to get your printing done:

- Print Now
- Delivery
- Click&Collect

Billing 🏠

You will have to add the card details, that you want to use at the checkout and depending on which service you decide to use we will charge you accordingly.

We will always show you the full amount we will charge for your printing before you print, so you always know what you are paying in advance - no hidden charges.
